OFFICE OF THE DIRECTOR

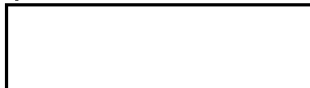

20 July 1962

MEMORANDUM FOR: DD/I

To confirm our telephone conversation, ONE (and OCI, as appropriate) is to prepare memoranda on 11 countries for which Special Group (CI) has been assigned responsibility. These papers will be designed to establish a "working base" from which the Cold War Survey can pick up coverage on a regular basis.

Interest lies primarily in whether government is threatened by internal insurgency problem. Other factors are, of course, pertinent.

Background on this matter can be provided orally, if one wishes.
